MISSION POLSKA: A NEW INVADING FORCE

Even before 966 AD when King Miesko I "united" the slavic people to become what we now know as Poland, there had been wars and rumors of wars.

Poland is a land that has been invaded by any and every surrounding army throughout its history. In 1989, at the fall of communism in Poland, a new army was set to invade. Many capitalistic nations like America

invaded with their commerce. Poland was invaded by America with Hollywood, Rock & Roll, McDonalds, Coca-Cola and Pepsi (many Poles today will tell you that their national soft drink is Pepsi). Thank God for missionaries like the Ewalds, Anna Bukczynska, the Pawlaks and many others who invaded Poland with the **Good News of Christ**.

As the newest members of this invasion force we are set to take our place among the ranks. We have tentatively set April 15th as our disembarking date. We look forward to seeing God continue to move in the Polish nation.

John Baich our MAPS coordinator has already arranged for numerous construction teams to come to Poland and work on several church projects in which we are excited to be a part of. Many of you have voiced a desire to come and help us and some of you are already planning ahead to come within the next couple of years.

Please Come!!!

Please continue to pray for more laborers for this field of harvest.

Let's invade Poland together with the love of Christ!

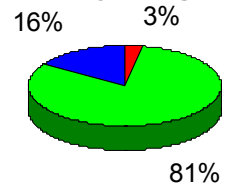

SUPPORT UPDATE: THANK YOU!

We began itineration less than one year ago and are pleased to announce that we have raised approximately 97% of our budget. We would like to thank all of our churches, pastors, relatives and friends for making this possible.

When we first felt God calling us to Poland, the one thing that we feared was the itineration process. I guess we had heard too many of the horror stories. Now that we are nearing the end of our first itineration, we want you to know what a blessing you have been to us. You have made this process not only bearable but enjoyable. It has been great meeting so many pastors and church people and making new friends all over the United States. From the bottom of our **Polish hearts** we say **Thank You** to Williamsburg, Virginia, Desmoines, Iowa, the Florida Connection and all of our Michigan District churches and friends.
